FRAUD

By WBardenV

This is a workbook. The kind with perforated pages that you tear out, do the problems on, and turn in for a homework assignment. That's how it's supposed to work.

What they've done is take the Teacher's Edition, which has the answers printed in it already and sold it as the

regular edition. I kid you not, they glued a band over the "Teacher's Edition" printed on the cover. This is USELESS in class.
