ESSENTIALS OF BUSINESS STATISTICS: COMMUNICATING WITH NUMBERS BY SANJIV JAGGIA, ALISON KELLY PDF

Essentials of Business Statistics: Communicating with Numbers is a core statistics textbook that sparks student interest and bridges the gap between how statistics is taught and how practitioners think about and apply statistical methods. Throughout the text, the emphasis is on communicating with numbers rather than on number crunching. By incorporating the perspective of professional users, the subject matter is more relevant and the presentation of material more straightforward for students.

Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

One Star

By Jeff Santucci

This didn't come with the connect license and it is useless without it. Careful if you rent it.

Cheap textbook? Yes please!

By Tyler Guy

I am using this book for a class I am currently enrolled in at University of Arkansas and even though I received an edition different than the one pictured, it had the same exact material in it whenever comparing it to one at the university bookstore. Have no fear.
