Keeping the Wrinkles at Bay

By Connie J. Wehmeyer

I first got this brilliant and easy-to-follow book years ago when I didn't have a hint of wrinkles. I used it for a few weeks, then sort of laid it aside. Recently my 80-year-old mother-in-law was in town and was complaining about wrinkles around her mouth. I pulled the book out, showed her some exercises, and she began. Within a few days, you could see a difference.

Since I am now mid-50's, I decided to try to get ride of my extra chin and some wrinkles from my mouth to chin. I began this routine and within 2 weeks people are asking questions "what are you doing to look younger", etc. I actually do several of the other exercises as well and my face feels much more elastic and healthy, and is definitely toning up.

I have already given some of these books to some of my massage clients.

Go for it! It works! Connie

**DO NOT PASS THIS ONE UP**

By Theresa Harris

I chose this book on reference from a friend. She was so adamant that I try it, so I did. I was very surprised as to the clarity of the information provided. The pictures are clear and the procedures are easy. If you are looking for something that's easy and works, then this is the book for you. Some of the others get too technical and bore you with too much text and no examples. All you need is your book and a mirror and you are on your way. Happy, thanks friend.....

yoga for the face

By Ee Josephites

I do a little of these exercises each day and I do see a difference around my mouth and eyes..albeit for only a short time. Plus I get a laugh out of looking as a pretty girl making clown faces!
