Matches for 4 days in a row... knock on wood!

By Joe Winston

If you read the first paragraph of the intro of this book, that was exactly my profile sadly: I am/like/look everything generic. Needless to say I was getting "passed" a lot.

I'm really happy I found this book because he suggests ways to write a CMB profile that I've literally never seen anyone else use, and I've been able to help my friends with their profiles now too.

4 days... let's go!

thank you coffee meets bagel blog!

By Sam

I heard about the book after seeing a post about it in the CMB blog... I figured if they were willing to promote it, it must be pretty decent!

The Coffee Meets Bagel Handbook was great. I ended up rethinking my profile and feel so much more "me"...I am anxiously awaiting noon tomorrow to see how everything will go :)

Pretty cool

By Charles Fine

I pretty much replaced my entire profile using the author's examples and feel 1000x better about how I sound and represent myself, so that's worth something. I also liked the texting guide, because it covers exactly how to ask someone out, which was something I always struggled with figuring out. He's got steps!
