By Sandra Renee Farmer

First off, I think it's pretty obvious that I'm a Stormie Omartian fan. I've read several of her Power of a Praying... books and I plan to continue to read more. She's helped me tremendously on my journey to a better prayer life.

I sought out The Power of Prayer to Change Your Marriage when my husband and I hit a bump in the road in our own marriage (what marriage doesn't have those?) and despite having The Power of a Praying Wife, I felt like I needed something different--something more. And so I ended up getting The Power of Prayer to Change Your Marriage. As with the other Power of a Praying... books that I've read, I took this one slow in order to maximize information retention. And there came a point where our marriage felt more stable and secure and I didn't feel the urgent need to press on in the book like I once did, so I put it down for a spell.

The wonderful part about this book is that you and your marriage don't need to be struggling in order for you to benefit from this book. Ms. Omartian's books usually follow the pattern of a different topic per chapter. Within the chapter, she discusses the topic at length and provides a sample prayer and scripture (Promises from God) on the subject. But The Power of Prayer to Change Your Marriage went another step. She

included three prayers at the end of each chapter. The first prayer was always a Prayer of Protection. This prayer is designed to protect you, your spouse, and your marriage from experiencing this particular problem to begin with. Or if you both struggle with the issue, it helps to cover you both in this area. Next was a Prayer for Breakthrough in Me. This obviously covers if you are the partner struggling with the topic of the chapter. And finally, she included a Prayer for Breakthrough in My Spouse designed to cover your spouse should he/she be the one struggling with the chapter topic.

Because each chapter included the three different prayers at the end, I felt each topic discussed was covered in every way possible. Most of the time, I found that even if I didn't think we as a couple or I individually was struggling with a particular chapter topic, once I read and prayed the prayers she included, I realized that I needed improvement more than I originally thought.

As I always feel led to include in my review of any Christian book, Stormie Omartian's books do not contain the standard. They do contain Scripture and I have learned much from her. But I find that there are some things she says that I don't 100% agree with. And so while I do recommend anyone and everyone I can to read her books, we must always compare what man says against what God says. The Source for truth is and always will be the Bible--God's Word.

One I thing I know for certain, you can't pray for your marriage and not see improvement in yourself, your spouse, and/or your marriage. Draw near to God and He will draw near to you (James 4:8).

The Power of Prayer to Change Your Marriage gets 4.5 Stars from me. Have you read this book? What did you think? Let me know!

This book has helped my love grow for my husband! Prayer is the most important part of our marriage. Without it God doesn't seem to be in the middle. I recommend this book to anyone looking for that little something, that extra help is pray.
