Great read, especially timely given our political climate. Anyone inyterested in healing, in Native American spirituality and the viewpoint of a traditional but inclusive doctor will love this book.

Interesting views on self awareness and well being

By Stewart

Text introduces some valuable views on being more aware in relationships and spiritually. Stories colorful but sometimes wander through a little confusing abstraction before getting to main points.

Healing one's spirit

By P J LaRue

The Theft of the Spirit is rooted in the author's experiences with the Hopi Indians and how learning the Hopi's worship rituals helped him grow as a healer. This book that suggests one should "see" life differently. "See" with your heart, not your head and your faith will grow. I liked this book, because as a hiker, I feel God's healing spirit in nature.
